

EDUCATION

- **University of Munich** Munich, Germany
Master of Science in Human-Computer Interaction Oct. 2016 – Present
- **Southwest University for Nationalities** Chengdu, China
Bachelor of Engineering in Computer Science; GPA: 3.74/4.0 (1/154) Sep. 2012 – Jun. 2016
- **COURSERA** MOOC platform
Andrew Ng: Deep Learning Specializations, certificates: [1](#), [2](#), [3](#) Oct. 2017

WORK EXPERIENCE

- **MagicLingua** Munich, Germany
Fullstack Development (Praktikum) Apr. 2017 – Aug. 2017
 - **Voice Assistant:** Conversational Design; Nature Language Processing; Backend development; AWS serverless & DynamoDB
- **Shiyanlou** Chengdu, China
Software Engineer (Intern) Jun. 2016 – Sep. 2016
 - **Distributed log system:** Distributed log system maintainer; ELK+Redis tech stack
 - **Desktop Client:** Cross-platform desktop client development; Electron based
 - **Recommendation system:** Course recommendation system based; Python written
 - **Written courses:** 17 written tutorials for C++ users
- **LMU Media Informatics Group** Munich, Germany
Student Research Internship Oct. 2016 – Jan. 2016
 - **Research topics:** Combining motion sensors and touch offset classify hand Posture and users
 - **Works:** iOS prototyping; Machine Learning based approach; paper reporting

OPEN PROJECTS

- **Open Source Projects:** github.com/changkun
- **Translation Works:** github.com/changkun/translation

SKILLS

- **Languages:** python; javascript; c; c++; obj-c; swift; markdown/pandoc; L^AT_EX; Native Chinese Speaker; Professional Fluent English; Elementary German
- **Systems/Tools:** macOS user; General Linux DevOps; serverless; Docker; AWS/DigitalOcean/Aliyun; RESTful/GraphQL; SQL/MongoDB/Redis; zsh/tmux/vim/vscode; PS/PR/AE/AU
- **Frameworks:** numpy/opencv/matplotlib/sklearn/tensorflow/keras, flask/django, jquery/angular/polymer/electron, node/express
- **Knowledge:**
 - **Machine Side:** Machine Learning; Deep Learning; Recommendation System; Data Mining; Computer Vision; Distributed Computing; Compiler Technique; System Architecture
 - **Human Side:** Human-Computer Interaction; User Study; User Experience Design; Product Design; Human Computation; Social Psychology
 - **Mathematics:** Functional Analysis; Stochastic Process; Analytic Number Theory; Formal Logic and Proof
